

## Retail Roll Form Pricing

For roll formed louvers pricing using maximum overhangs (see order form)

\$15.00 psf. for a 10 lb. snow load.

If your load is higher you may want to add a rafter at \$30 per lineal foot, consult the engineering or talk to your Rep if you have questions.

\$21.00 psf. including posts and beams if attached for a 10 lb. snow load. If your load is higher you may want to add a rafter at \$30 per lineal foot and extra posts and beams for your local code – if you have questions please consult the engineering or talk to your Rep.

For motorized, extra post, beams, rafters or other things please refer to parts price list.

For free standing just add extra posts and beams where necessary
